Annie Nielsen is the founder and owner of Bifrost a consultancy company. Bifrost specialises in developing methods and devising tools for improvement of the qualifications of unemployed with the view of integrating this group into the labour market.

Annie Nielsen graduated as teacher in 1984. Besides working she graduated with a master in Adult Education from AUC (Aalborg University Center) and as candidate in Pedagog in 2001 from DPU (Danish Pedagogic University School).

She worked as a teacher and project leader in the field of adult education until 1995. The target group was mainly immigrants and refugees.

From 1995-2001 Annie Nielsen worked for the County of Viborg as consultant. She was responsible for Danish as second language for adults and launched pilot projects for immigrants financed by EU in the county of Viborg.

From 2001- 2003 she worked for a private company, which worked with launching method for unemployed. In 2003 she founded Bifrost.

Annie Nielsen has written many articles, rapports, books and digital material concerning Danish as second language and training and integrating marginalized groups.

Annie Nielsen received the European Language Label 2007 for digitalizing Vores Fællesprog a fundamental Danish grammar compared with ten other language. (www.vfs.dansk.nu)
