Francisco Arcos García is a part-time professor at the University of Alicante and full-time Teacher Consultant / Trainer at the Teacher's Centre in Alicante. At the moment he is in charge of setting up courses for teachers which require the use of a Learning Management Systems. His main areas of interest are in the fields of pedagogy, translation and computer mediated instruction. At the moment, he is mainly interested in the pedagogic design and pedagogic strategies to carry out blended learning.

Francisco Arcos García graduated in English Philology – from the University of Valencia in 1982 and read his doctoral thesis in 1993. He started working in the field of distance learning and blended learning some 8 years ago when Moodle started its long successful run.

He has published a score of articles related with e-learning and blended learning for the teaching of English. For 5 years running he has been implementing blended learning in his university classes.
