Jana Denemarková works as a senior lecturer at the Institute of Foreign Languages at the Faculty of Mechanical Engineering at the Brno University of Technology, based in Brno, Czech Republic.

Jana Denemarková graduated in English and French from Masaryk University, Brno in 2001. She started teaching at universities while she was studying a doctoral study program in English filology. She completed her Ph.D. degree in 2008.

Jana Denemarková has been teaching at universities in Pilsen and Brno since 2002, she has been specializing in Business English. At present, she is involved in a new project at the Institute of Foreign Languages called BUTEC – Brno University of Technology English Campus which is supported by the European Social Fund and the state budget of the Czech Republic. The project focuses on the English language training of students and employees at the Brno University of Technology at various levels according to the Common European Framework for languages.
