Tatjana Taraszow is the coordinator of MobLang, a project implemented by Cyprus Neuroscience & Technology Institute and co-funded by the European Commission Education and Culture DG. The full project title is 'Intercultural Dialogue & Linguistic Diversity via MobLang'.

Tatjana Taraszow graduated in Psychology – Media, Educational, and Organizational Psychology (MSc) from the University of Tübingen and McGill University. In 2007 a few months after her university graduation, she started working with the NGO Cyprus Neuroscience & Technology Institute in the fields of civil society and research.

So far Tatjana Taraszow has been involved as project coordinator and project implementor in more than 10 projects funded by the European Commission, the Anna Lindh Foundation, or the United Nations mostly in the fields of education, research of new technologies (e.g., Internet, mobile phone, SNS, multimedia learning environments), intercultural dialogue, and peace reconciliation.

Tatjana Taraszow is also trained mediator, trained facilitator of Structured Dialogic Design Process (SDDP), and is being trained in Non-Violent Communication (NVC).
