Katerina Makri has a first degree in Greek literature, a Masters' degree in Educational Sciences (new technologies for language learning) and a Phd in adult learning, e-learning and online community building. During her phd work, she has participated both as a researcher, and with an administrative role in three European projects and the Kaleidoscope network of excellence, which comprised of 800 phd students and 90 universities from across Europe.

She currently teaches MA courses (educational technology related) addressed to student-teachers of Greek as a foreign language and of other disciplines at the University of Athens.

She also works as educational and research consultant at the Hellenic Culture Centre (<http://www.hcc.edu.gr>) and a participant at the EU project "Glossa: Greek as a Vehicle for Promoting Linguistic Diversity" (<http://www.ellinikiglossa.eu>).
