Konstantinos Diamantis- Balaskas is a researcher and project manager in the European Projects Department of Action Synergy S.A., an ICT, education and training organization based in Athens (Greece).

Konstantinos Diamantis- Balaskas graduated in Communication and Media from Panteion University in 2005 and the following year he completed successfully an MSc in European Politics & Government in the London School of Economics (LSE). He is currently pursuing his third degree in Economic Sciences in the Economic University of Athens. He is also a proficient user of 3 foreign languages (English, Italian and French).

Konstantinos Diamantis- Balaskas is working in Action from 2006. The last 5 years, he has worked as a project planner, project manager, assistant project coordinator and project coordinator for more than 15 projects funded by the European Commission mostly in the field of ICT, education and training and has developed partnerships for more than 100 bodies including universities, public authorities, training organisations, schools, research centres etc. operating throughout Europe.

The last project he is coordinating is entitled GLOSSA- Greek as a Vehicle for Promoting Linguistic Diversity refers to the use of ICT for the learning of Greek as a second/ foreign language in an advanced level.
