Mario Garcia is the Director of the International Department of CIFESAL (Centre for Research and Training of Enterprises), a training and consulting centre based in Madrid (Spain) and certified by the Spanish Education system to provide vocational training and occupational training for unemployed people.

Mario Garcia graduated in Physics by the University Complutense de Madrid and he has worked in the International field for 15 years in different countries and sectors, with specialisation in topics of research, education and training.

At CIFESAL, he currently coordinates and manages the project "Promoting Matching Competences in Language Training" funded by the European Commission under the Programme Long Life Learning in the Multilingualism key action, and he is in charge of the supervision of 5 other trans-national projects in Europe, the Balkan Region, Latin America and China.

He is also a certified coach by the Council of Chambers of Commerce and Industry of Spain and member of the teaching staff of the International MBA on Multilateral Projects of the C.E.C.O Foundation in Spain
