Mateusz Czepielewski is an experienced Project Manager, who is now the Head of International Project Department. He is a specialist in management, negotiations, marketing, public relations, and usage of ICT for learning and teaching languages. He has completed Management Studies at one of Warsaw's prestigious business universities (the school for entrepreneurs and managers). He was also studying in Mexico and in Spain. Mateusz was participating in various mobility activities in Europe and in North America, as well as in European conferences in the field of education and usage of innovative tools in both management and education.

Mateusz Czepielewski is creative, flexible and easy-going person, adapting fast to changing conditions.
