Ewa Donesch-Jezo holds an MA degree in biology and in English philology from the Jagiellonian University, and a PhD in applied linguistics from the Pedagogical University in Krakow.

She teaches ESP to students of the Medical College, Jagiellonian University where since 2000 she has been the head of the Institute of Teaching Foreign Languages.

Ewa Donesch-Jezo is the author of many text books for both undergraduate and postgraduate students of medicine, dentistry, nursing, pharmacy, and medical analytics. She also designs ESP courses for various departments of the Medical College and writes curricula and syllabi for them.

She organizes and conducts commercial courses of Medical English for professionals. She has participated in several EU-funded international projects.

Her research interests lie in the area of methodology of specialist language teaching with emphasis on teaching of spoken and written academic discourse.
